ASSEMBLY BILL

No. 2044

Introduced by Assembly Member Rodriguez

February 20, 2014

An act to amend ~~Sections 1569.33, 1569.35, 1569.618, and 1569.625~~ of *Section 1569.618 of*, and to add *Section 1569.629* to, the Health and Safety Code, relating to care facilities.

LEGISLATIVE COUNSEL'S DIGEST

AB 2044, as amended, Rodriguez. Residential care facilities for the elderly.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services. A violation of these provisions is a misdemeanor. ~~Existing law requires, unless otherwise specified, licensed residential care facilities for the elderly to be subject to unannounced visits by the department as often as necessary to ensure the quality of care provided, but no less often than once every 5 years.~~

~~This bill would, instead, require every licensed residential care facility to be subject to an annual unannounced visit by the department, as prescribed, and would require the department to conduct more frequent unannounced visits under specified circumstances.~~

~~Existing law authorizes a person to request an inspection of a residential care facility for the elderly for an alleged violation of law or regulations, and requires, with some exceptions, the department to make an onsite inspection within 10 days after receiving the complaint. Existing law requires the department to promptly inform the complainant of the department's proposed course of action.~~

~~This bill would, instead, require the department to make an onsite inspection within 3 days after receiving the complaint if the complaint involves alleged abuse or serious neglect, or within 10 days after receiving the complaint for all other complaints. The bill would require the department to complete the investigation within 30 days and to promptly inform the complainant in writing of the department's findings and proposed course of action. The bill would provide a complainant who is dissatisfied with the department's findings or proposed action regarding a matter that would pose a threat to the health, safety, security, welfare, or rights of a resident with the right to request an informal conference and subsequent appeal, as prescribed.~~

Existing law requires the administrator designated by the licensee to be present at the facility during normal working hours and requires a facility manager, as defined, to be responsible for the operation of the facility when the administrator is temporarily absent from the facility.

This bill would require that at least one administrator, facility manager, or other person designated by the administrator who is at least 21 years of age be on the premises of the facility 24 hours per day and would require a minimum of one staff member who assists residents with personal activities of daily living per 16 residents be on the premises 24 hours per day. The bill would also require the facility to employ, and the administrator to schedule, a sufficient number of staff members, as prescribed.

Existing law requires the department to adopt regulations to require staff members who assist residents with personal activities of daily living to receive appropriate training, which consists of 10 hours of training within the first 4 weeks and 4 hours annually thereafter.

~~This bill would, instead, require the staff members to receive, at a minimum, 10 hours of training within certain timeframes, and 6 hours annually of continuing education, as prescribed.~~

This bill would require that this training also include specified topics, including, among others, building and fire safety and the appropriate response to emergencies, abuse, neglect, and financial exploitation prevention, and reporting requirements.

By expanding the scope of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

The people of the State of California do enact as follows:
